All,
I've compiled the attached quick draft document that summarizes relevant executive actions. Of note each one links to the action on the [whitehouse.gov](https://www.whitehouse.gov) website if you'd like to see the action in its totality. There is also a non-exclusive list of agency actions identified for potential review with the FR notice for each linked included as an appendix. Let me know if you have any questions. Thanks
-Dan

EOs are now live on the White House website. Here's the one related to the environment, which, among other things, requires each agency to review rules and policies from the prior administration and identify those that need to be rescinded or revised:

Sharing these transition team docs – i.e., not issued by WH - that DOJ forwarded as FYI.

One of them is “Fact Sheet: List of Agency Actions for Review,” which includes a non-exclusive list of 48 EPA rules or decisions:

- CAA – 19
- CWA – 5
- SDWA – 2
- RCRA – 4
- CERCLA – 1
- TSCA – 12
- FIFRA – 1
- Other – 4
 - o Science Transparency
 - o Petitions
 - o Permit Appeals
 - o Civil Inspections

Dan Conrad (cc'd) is closely monitoring and tracking WH webpage and other sources for actual or anticipated pronouncements related to EPA. Feel free to forward to him anything you might be hearing.

I suspect you have these but just in case. I see they are from the transition and not the WH.
